

# Mighty Microbes Homework

## Homework 1.

Using the information on the activity card create a poster presentation on your microbe.

Your poster must include:

- The type of microbe
- How it is transmitted
- How it can be avoided
- Symptoms caused by the pathogen (disease causing microorganism)

## Homework 2 - Using Microorganisms to fight Microorganisms.

Create an information leaflet to include the following:

- What is a vaccine?
- Who is given the vaccine you have chosen?
- What virus(es) does the vaccine protect you from?
- Why is it important to be vaccinated?

Pick **ONE** of the following vaccines-

1. MMR vaccine
2. The HPV vaccination
3. The 6-in-1 vaccine
4. Rotavirus vaccine
