Dear Parent/Carer

MIFI MOBILE INTERNET HUB

As we move towards re-opening in August, either full time or blended as a contingency arrangement, we need to review the provision of the mobile internet hubs we provided to you.

We hope that the device has been useful to allow access to the internet where this has been difficult for you whilst the school has been closed.

We have funded the hubs through our school budget and we will not be able to continue to fund this once school reopens for all.

We have given 30 days' notice to Vodafone to stop the top up taking place, so the device will still be active until the end of July. After this point, if you have found the device useful, then you can keep the hub and start a contract with Vodafone to continue the service. If you wish to do this please contact Vodafone on **03333 040 191** and they can discuss the best package for you and activate the SIM card you have in your name.

If you no longer have use for the device or have plans to make alternative arrangements then we would be grateful if the hub can be returned to us after the holidays.

Yours faithfully

Brian Asher
