

Digital Inclusion Schools Programme Device Agreement

You are being provided with a laptop as part of Scottish Government funded programme to address digital exclusion across schools. Dumfries and Galloway's bid was based on the number of learners currently eligible for free school meals ranging from P6-S6.

This device can be used by you at home for both personal use as well as providing access to digital learning opportunities.

As a Learner, I agree to:

- Look after my device carefully at all times and use in line with the principles set out in the Acceptable Use Policy that you adhere to in schools.
- Not remove any security markings and not allow it to be subject to graffiti.
- Ensure that all school work is saved within GLOW
- I am aware any loss or damage to the device is the responsibility of the learner or parent/carer.
