Dear Parent / Carer

SnapChat accounts

We have been aware of two SnapChat accounts some pupils from Lockerbie Academy are "friends" with. These accounts are abusive, threatening, and use bullying type behaviour to target our pupils. Having these accounts as "friends" serves to encourage online abuse. I ask that you speak to your child, check that they are not "friends" with these SnapChat accounts and exercise caution in future when choosing who to be "friends" with.

The information we have has been shared with Police Scotland and normal procedures will be carried out. We take this sort of behaviour very seriously and welcome any information you may have.

The two accounts have been named "lockerbiesecret" and "lockerbieacc".

Yours sincerely

Brian Asher

Headteacher
