

4th June 2021

Dear Parent/Carer,

Start of the new timetable

We have taken the decision to delay the new timetable by one week. The new timetable will start on Monday, 14th June.

Students in S4-S6 and staff have been working very hard on the assessments needed for this year's qualifications. These are not fully complete in all cases, nor is the marking and moderating work that is so important. Rather than rush this to a finish, we need to allow a little more time and this delay will achieve that.

S1-3 pupils will continue to attend their timetable as usual next week.

S4-6 students will continue to attend for the completion of assessments only next week.

Please remember that Friday next week (11th June) is an INSET day – staff training, so no pupils will attend school on Friday. Please also remember that as of Monday 7th June, we revert back to previous arrangements at lunch time, with S1-3 pupils remaining on campus.

I would like to pay tribute to my staff for the incredible efforts they are going to, working in many cases, harder and longer hours than they can ever remember. Our efforts are focused on ensuring the very best possible outcome for our pupils through this very different year and unprecedented qualification system.

I think we all desperately hope for more normality next year.

Yours faithfully,

Brian Asher
Headteacher
