A new way to record, track and monitor homework at Lockerbie Academy.

Dear Parent/Carers

As part of our ongoing self-evaluation process and upon consideration of parental and pupils' views, as well as working closely with other schools, we are excited to be launching **Satchel One**.

Satchel One is an online tool to help you keep track of your **child's homework**. It will allow you to see full details of the tasks your child has been set, all their upcoming deadlines and any submission statuses or grades recorded by their teacher. Please be also discuss or encourage your child to revisit the work done in class and prepare for future learning. This homework activity will not be shared on the Satchel 1 app but it is **a key way that parent/carers can support the learning at home**.

We have chosen to introduce this system to improve our parental communication and to give you greater visibility into the homework we set. We also hope it will improve your child's organisation, time-management and ability to keep on top of their workload.

We'll be **launching Satchel One** during this academic term.

After our official launch, you will be provided with a **parent code** to create your personal parent/guardian account. **This is linked to your child's account**, where you will be able to see their To-do List and any overdue homework. You can log in via **the mobile app** to receive push notifications while on the move; this will also notify you of grades, overdue homework and school announcements/events.

If you or your child has any questions about the service, please don't hesitate to visit the Satchel One help centre at help.satchelone.com. If you'd like to get in touch with the school or provide feedback, please contact **Mr Millar or Mr Stores**.

Thank you once again for your support.

Yours faithfully

Mr A Stores
