

# Learning Assistants

## Our Impact

Learning Assistants play a vital role in improving consistency, strengthening feedback, and raising attainment. Every interaction should help pupils make progress in their learning.

### Supporting High-Quality Learning & Teaching

- Promote independence - avoid over-supporting
- Reinforce learning intentions and success criteria
- Support pace by keeping pupils focused and engaged
- Encourage challenge - not just task completion
- Prompt pupils to reflect during plenaries and recap learning

### Supporting Effective Assessment & Tracking

- Know pupil targets and support progress towards them
- Support formative assessment (mini-quizzes, retrieval, recap)
- Identify misconceptions and feedback to teachers
- Encourage pupils to respond to feedback and improve work
- Support organisation of jotters and evidence of learning

### Raising Attainment For All

- Support structured revision and assessment preparation
- Reinforce assessment techniques and understanding of command words
- Encourage attendance at supported study
- Support completion of coursework and folios
- Reinforce literacy and numeracy skills across subjects
